

Dear Mr. Atleo,

How is my little girl doing? I hope she knows her mommy misses her so so much!

I am so excited that Mellissa will be coming home very soon. I have been doing really well. I got a job at a local store and things are starting to get themselves together. I'm still staying with my cousin, but I am trying to find an apartment soon so me and Mellissa can have a place to stay of our own. Housing is kinda hard to get so it is a bit of a struggle. I am trying to get some discounts and stuff through those housing coop things, but there is just so much paperwork! I've tried a couple times to fill everything out, but it is hard and their staff is too busy to help that much. But things are going so good that I know the Creator is looking out for me and my daughter.

All my relations,

Dolores
Mellissa's mom
