

Nicole,

Summer called me all excited about all her new friends.

I am really happy for her cause she has a hard time making friends, but also a little nervous cause she is so easily influenced by other people. Please make sure she is around people who care about her. She is a very sensitive girl & I don't want her getting hurt.

I am sure you know, she is in a very fragile state right now. I just don't want anything happening to my baby. I just get nervous when she has a new placement. I don't think she can handle getting moved again.

I was in the store the other day & I saw this stain-glass set that I thought Summer would really like. It is not real glass, it is plastic but you can paint on it. Summer used to send me crafts all the time & then she just stopped. I miss getting packages in the mail.

I am not going to be able to come to the scheduled meeting next week. My boyfriend doesn't think it is a good idea cause I get all upset. I hope, Summer will understand this. Just tell her that I miss her & I will see her once Bob & I get our new apartment.
