

Dear Nicole Herbert,

Grade 9 Geography students have been assigned an independent project due for the end of the semester. Each student will select a country that they find interesting and complete a 3 page written assignment and a 15-minute class presentation on the country's geography, history, and culture. To get the students more involved, presenters are encouraged to bring one of the country's traditional foods into class to accompany the presentation.

Students must choose their countries when they return from spring break. Summer was unsure of what country she was interested in. We ask that you help her make her decision by the time she returns from break so she will have lots of time to complete the project.

Sincerely,

Anne Wellenger
Special Needs Instructor
